KAYAK

TUKTU 315

Unsinkable even when full, due to partitioned storage space and a buoyancy chamber. The Tuktu's high initial stability and ideal length-to-width ratio make it suitable for everyone and capable of tackling everything from calm water to light whitewater. The comfortable multi-bent frame shape with a "Dyiamond Shape" and moderate keel jump, makes the Delsyk Tuktu very stable and safe, the huge seat hatch gives a sense of space. No matter if paddling on river, lakes or weekend tours along the shore, the Delsyk Tuktu allows a relaxed, safe pleasure journey.

Weight	19 kg
Lenght	315 cm
Width	68 cm
Cockpit	112x56 cm

KAYAK

AKULA 488

Unsinkable even when full, due to partitioned storage space in bow and stern.

The Akula, the shark, splits the water with its sharply cut bow like a shark's dorsal fin. Delsyk Design Akula, is a thoroughbred sea kayak by the world-renowned designer Mike Neckar, in the 16 foot class, a kayak that inspires.

The Delsyk Design Akula will impress even long-time experts on the stage, speed, stability and maneuverability paired with an accomplished paddler or ambitious paddler. The Akula will take you to places that can only be reached by kayak.

Weight	28 kg
Lenght	488 cm
Width	58 cm
Cockpit	84x38 cm
Code	2300522200

KAYAK
