DINGHY

Stable. Durable. Recyclable.

worldwide rotomoulder

ROTO is a family business company with more than 70 years tradition. The headquarters is in the Slovenia. Production is organized in 8 factories in different European countries. The company employs more than 550 people and had revenues of 82 mio euro. ROTO exports its products to 63 countries all around the world. Run by the Pavlinjek family, the company has built a global reputation for the quality of its products.

ROTO manufactures more than 4,000 different products. Many of them are made using rotational molding. Indeed, ROTO is one of the market leaders in its industry. It has been responsible for many innovations in plastic- molding technology during the last 45 years and has worked closely with universities, institutes and plastics industry associations. The company's main production segments are final products for sport, nautical, agriculture, ecology, gardening. Using plastics composites and the latest production technologies, ROTO also makes kayaks, canoes and high-performance boats.

Manufacturing as a custom molder, ROTO serves a wide variety of industry sectors including construction, automotive, nautical, logistics, aquaculture and agricultural machinery. Its custom-molded products include fuel and water tanks for motorcycles, tractors, trucks, sailing boats and motorboats, caravans and motorhomes, and components for many different machines.

Its custom- molded products include fuel and water tanks for motorcycles, tractors, trucks, sailing boats and motorboats, caravans and motorhomes, and components for many different machines.

ROTO works to increase its products' value by enhancing their design, intelligently using materials and modern production technologies, and ensuring a high-quality nish. The company also takes great pride in its after-sales service and customer technical support.

RoBoat

Dinghy is a well-composed, very light and easy to use boat for fishing or sailing on calm waters or lakes.

Dinghy can be ordered with 2 different types of hull, one or two layers. There is also a broad range of colours to choose from, such as green, red, blue, granit or wood imitation. Dinghy is 242 cm long, 130 cm wide, 45 sm deep and it weighs only 35 kg, which makes it ideal for weekend get aways on the lake or fishing trips.

Launching of the Dinghy has never been easier duo to the wheel on the underside of the boat.
